Why are you running for the Board of Trustees (BOT)?

I am running for the Board of Trustees in order to bring my 13 years of experience as a member, parent, and athletic supporter of my children to the table.

What experience and skills do you have which makes you a good choice for the BOT?

I have experienced Halifax Academy from the beginning to first grade to graduation, and now up to navigating at tenth grade to graduation. Each child has had different experiences and challenges throughout their education. This diverse experience has helped me see all sides and make me a good choice for BOT.

Why did you choose Halifax Academy to educate your children?

We chose Halifax Academy to educate our children because we wanted them to have a faith based education and family atmosphere.

What is Halifax Academy's strength?

Halifax Academy's strength is the families and teachers that make HA home. The community atmosphere, and prayer, and pledging allegiance to our flags give our children a strong base for their future.

What area does the BOT need to focus on to improve Halifax Academy?

I would like to see HA focus on exposing the kids to more trade school opportunities at HA. Living and growing up in a rural community, most kids had been raised with hands on experience and a love for the outdoors.

What, in your opinion, is the most important issue facing Halifax Academy currently, and how would you address the issue as a member BOT?

The most important issue facing HA in my opinion is keeping up enrollment while not increasing cost along with competing with other private schools. We need to focus on what makes HA special or a place you want to pay to send your kids to school. What makes HA stand out? This issue can be addressed by having a diverse BOT with many experiences & backgrounds.

How would you, as a BOT member, maintain affordable tuition and modernize the existing structures?

Maintaining affordable tuition and modernizing the existing structures at HA has always been a challenge in my opinion. We need to be looking for outside resources, grants, and programs that support christian based schools.

How can the Board of Trustees improve our fundraising efforts?

Fundraising is always a challenge for any organization. Unfortunately I am not up on all the fundraising efforts at HA. The only improvement suggestion would be to join forces with all of HA boards and councils to work together for the common goal of raising funds for HA.

If you were asked to recruit new families to Halifax Academy what would you tell them?

If I was asked to recruit new families to HA  
I would tell them that it is worth their money to  
invest in their childrens education and future at  
HA and I don't regret sending them to HA.
